

# EPro Academy<sup>tm</sup> Courses

Offered by

## Synergy Enterprises

Many codes and regulations require special training for various duties. Instead of sending your staff away to classes, minimize the impact of expensive downtime on your business with web-based training. Upon completion, a personalized Record of Completion, that satisfies government requirements, is generated for your records. Only \$19.95 per person per course, volume discounts available based on the number of courses/students.

Before each online course, put the number of requested access codes.
